Community Education on Financial Planning at Thelma's Place

Canby, OR—

Thelma's Place hosts a FREE Community Education Workshop on February 27, 2009.

Joann Beck is the guest speaker for the meeting to be held from 2-3 p.m. at 352 NW 2nd Avenue in Canby. She's a local attorney who is very familiar with elderly issues as well as financial planning. Joann will speak about the financial preparation that needs to be done when your loved one has been diagnosed with a serious illness.

Long-term financial planning is important for everyone—but it is essential if you are coping with the expense of a long term illness, such as Alzheimer's disease. A critical step in providing the best care for yourself and your loved one is to be prepared with financial facts.

Joann will help you learn such things as: the difference between Medicare and Medicaid; when should you get a Power of Attorney for your loved one; is a guardianship necessary; how do you provide for the financial needs of your loved one who may need long term care without becoming impoverished yourself.

Meeting is FREE and open to anyone in the community.

For more information, please call Mary at 503-502-4509.
